Dover School District SAU 11 is on a journey of continual improvement. Our students are the reason the District exists, and everything we do must be focused on the things that are in their best interest. From this perspective, the District will continue to be committed to collaborating with students, parents, employees, and community partners to better prepare our students for a brighter future. We believe that our ability to work as a team will make all the difference in helping us realize our mission and core values. The Dover School District Strategic Plan establishes the District's five-year course.

To the Dover Community,

The Dover School Board is excited to begin the implementation the District's strategic plan. The plan is a complex document which will help guide many of our decisions regarding curriculum, instruction, assessment, and budget over the next several years. Educators, employers, and community members met and compiled information which assisted in the development of the strategic plan. The Board is grateful for the time invested by these individuals. Due to their work, positive changes are coming to the Dover School District.

The Dover educators are ready for the challenge and the Dover community must support them through the implementation process. Please ask questions. Through understanding and support from our city and community, the strategic plan will be successful in advancing the Dover Schools to a new level.

A strategic plan requires financial support. The Board recognizes and understands that the strategic plan is a budget priority. The plan is also a guide for future budget requests and decisions. Furthermore, the Board recognizes budget limitations, but is committed to the successful implementation of the strategic plan which will continue to advance the Dover School District and benefit the citizens of Dover.

A successful strategic plan will require change in the district's schools. Change is hard. Change is scary. Change requires time and patience. Change demands we open ourselves to new ideas. Our district has an excellent administrative team, a dedicated faculty and staff, and the support of a community who values education.

With our support, the Dover School District will move forward to the benefit of all.

Respectfully,

A handwritten signature in black ink that reads "A Russell".

School Board Chair

INTRODUCTION

Dover School District SAU 11 is on a journey of continual improvement. Our students are the reason the District exists, and everything we do must be focused on the things that are in their best interest. From this perspective, the District will continue to be committed to collaborating with students, parents, employees, and community partners to better prepare our students for a brighter future. We believe that our ability to work as a team will make all the difference in helping us realize our mission and core values.

The Dover School District's 2018–2023 Strategic Plan articulates the district's focus on four essential goals:

- **Goal 1:** The Dover School District will improve educational outcomes for students by effectively engaging with the broader community.
- **Goal 2:** The Dover School District will develop and sustain a culture that is characterized by optimizing social, emotional, civic, physical, and rigorous academic learning.
- **Goal 3:** The Dover School District is committed to continued investments in infrastructure to support student learning inclusive of facilities, technology, safety, and security.
- **Goal 4:** The Dover School District will recruit, hire, develop and retain effective and caring educators and support them in their growth as a strong school community.

A mutual understanding of the work that we are doing each day to better serve our students will promote accountability, and better position our school district for continual improvement and future success for all students.

The strategic plan is designed to guide the District's work for the next five years. The development of the strategic plan has been an eighteen-month process involving community members, parents, students, educators, administrators, and board members. It is with great pride and optimism that we present the 2018–2023 Strategic Plan. The plan serves as a guiding document with a focus on a future that keeps empowering all learners at the center of everything that we do. The Dover Strategic Plan will further be defined and reinforced with annual implementation and accountability plan.

As lessons are learned during the implementation of the Strategic Plan, those lessons will require the plan to be modified in order that the plan is constantly focused on the continual improvement of the Dover School District for the benefit of all students.

A customer service attitude, a rigorous learning environment, a high-performing workforce, robust academic/extracurricular offerings, quality school facilities, and a solid financial base are essential to Dover School District being the "choice" school district for internal and external stakeholders. The District is established on the values of diversity, opportunity, voice, engagement, and rigor.

Thank you for your willingness to take this journey with us. Along the way, there will be challenges to overcome and accomplishments to celebrate. Working together, we can, and will, achieve success for all students by empowering them to be learners and preparing them to be a dynamic global citizen.

MISSION

Working collaboratively to empower all learners to become dynamic global citizens.

SLOGAN

Empowering all learners.

CORE VALUES

- **Diversity**
- **Opportunity**
- **Voice**
- **Engagement**
- **Rigor**

Focus: School-Community Engagement

GOAL 1

The Dover School District will improve educational outcomes for students by effectively engaging with the broader community.

Objective 1.1 - Student Voice

We will enhance student voice by creating a student-driven environment that allows all students to have meaningful input and choice into their learning program.

District School Strategies	District Measures of Success
<ul style="list-style-type: none"> Identify model classrooms where students have a voice and choice in designing and demonstrating their learning. Provide professional development to support faculty and administration in developing an understanding of student-centered learning and meaningful and purposeful student choice. Develop a network of teacher coaches to support teachers in the development of student-centered learning and meaningful and purposeful student choice. 	<ul style="list-style-type: none"> Within five years, the number of educators implementing a student-centered environment where students have voice and choice in designing and demonstrating their learning, will increase. Within five years, the number and effectiveness of professional development in initiating student-centered classrooms will increase.
Elementary School Strategies	Elementary School Measures of Success
<ul style="list-style-type: none"> Design units that incorporate student voice and choice in learning and assessment. Research and create schedule concepts that allow time for student voice and choice opportunities. Identify and expand upon opportunities for students to engage in opportunities to solve problems and take on leadership roles within the school and local community. 	<ul style="list-style-type: none"> Educator's unit plans will promote choice and voice in learning, content and assessment. Schedules reflect a student-centered approach that empowers students as learners. Students have ownership and leadership roles within the school and community via clubs, school decisions, and community projects.
