
LEGEND - CORRIDORS

POTENTIAL CORRIDOR OR LINK BETWEEN CORRIDORS

300'

LEGEND - HAZARDOUS MATERIALS

71 AREA OF POTENTIAL CONCERN

NOTES:

1. Areas of potential concern include, but are not limited to: NHDES Hazardous Sites, UST Sites, LUST Sites, CERCLA Sites, RCRA Generators Sites, Soildwaste Sites, NPC Sites.
2. Base map made from aerial photography taken April 22, 1994 by Eastern Topographics.

SOURCES:
EDR area study report, Dover - Rochester EIS Strafford County, NH dated July 17, 1995 with additional data from files/databases maintained at the New Hampshire Department of Environmental Services, and limited field observations.

For clarity, not all Hazardous Materials Locations are shown.

LEGEND - WETLANDS

WETLAND

OPEN WATER

1. Wetlands locations are necessary interpolations made by Normandeau Associates, Inc. based on available mapping listed below. Wetlands have not been field delineated using the three parameter method. The wetlands shown on this map are subject to revision upon field verification.
   - Hydric soils mapping by the National Resources Conservation Service.
   - Wetland mapping by Complex Systems Research Center (UNH) from satellite imagery.
   - National Wetlands Inventory Maps (USFWS).
2. Basemap made from aerial photography taken April 22, 1994 by Eastern Topographics.

LEGEND - CONSERVATION RESOURCES

"GABRIEL SITE", APPROXIMATELY 107.6 AC. PROTECTED BY AN L.C.I.P. EASEMENT.

For clarity, not all Conservation Resources are shown.

LEGEND - HISTORIC RESOUCES

HISTORIC PROPERTIES - LISTED ON THE NATIONAL REGISTER OF HISTORIC PLACES

BOUNDARIES OF HISTORIC PROPERTIES AND HISTORIC DISTRICTS - LISTED ON THE NATIONAL REGISTER OF HISTORIC PLACES

CLUSTERS OF HISTORICAL BUILDINGS (POTENTIAL HISTORIC DISTRICTS)

CEMETERIES

OPEN LAND ASSOCIATED WITH HISTORICAL AGRICULTURAL USE

NOTES:

1. Base map from aerial photography taken April 22, 1994 by Eastern Topographics.
2. Identification of potential resources was made by Preservation Company.
3. For clarity, individual historical resources are not shown.

NOTES

1. The potential highway corridors shown on this drawing are tentative and preliminary. They have been prepared as an initial, required step in the environmental study process and are expressly for review and comment by the members of the Exit 10 Technical Advisory Task Force. These highway corridors have not been endorsed by either the New Hampshire Department of Transportation, or the Federal Highway Administration. The corridors have not yet been reviewed by any environmental resource agency.
2. For clarity, not all environmental resources are shown on the composite base map. Consult the full set of environmental constraints maps to review resources not shown here.
3. Bas map made from aerial photography take April 24, 1994 by Eastern Topographics.
4. Elevation datum is NGVD, 1929.

miles: 0, 1/2, 1
feet: 0, 1000, 2000, 3000, 4000, 5000

kilometers: 0, 1/2, 1, 2
meters: 0, 500, 1000, 2000
