

JBC Monthly Status Report – April

GES Building Project

- The project is going still going smoothly and is on budget and on time.
- Sound panels were installed during April break to reduce the noise level in the temporary classrooms.
- The JBC was provided with a list of items that may be considered also if funding allows.
- Principal Beth Dunton and her staff are focusing on year end activities and how they will be affected by the construction project. They are determining how summer staffing and projects will occur.
