Hi Jim:

Hope all is well. Attached are a couple items regarding Great Bay. The first two PDFs are letters from the Governor of NH and the Commissioner of DES supporting our permitting approach. The last item is a link to the current draft of the fact sheet for the Great Bay Nitrogen General Permit. Let us know if you have any questions or comments. I will also forward some correspondence that we received from a couple of the municipalities in the watershed.

Thanks,

Dan Arsenault
