Hi Jim – I don't think we'll need a call to focus your attention on anything in particular. (b) (5)

I plan to work on this for the entire afternoon on Thursday, 4/12 So I guess that would work, if you want to focus my attention on something we could talk at 11 AM, then I can go off and work on the analysis the rest of the day

Dear Dan,

After spending hours getting the data into a form that I can look at I have started my analysis I will do more of this on Thursday, but I have some important stuff due tomorrow on my northeast estuaries work

Jim
