City of Dover Total Compensation

This section contains the departments, classifications, employee names and amounts of wages, benefits and total compensation by calendar year. Reflected are the costs to the City for all wages and benefits accorded to employees under the Merit Plan, bargaining unit contracts, individual contracts and federal and state regulatory requirements. Below are the definitions for the four "Amount" columns.

Wage Amount – Includes all wage or salary amounts, shift differentials, longevity, on call and call back pay, professional and technical skill pays, actual paid time off (holiday, disability, jury duty, court appearance, bereavement leave, maternity leave, military leave), uniform and vehicle pay, imputed income for life insurance premiums, health and dental buyout payments, and amounts related to compensated absences. The costs are based on the date payment was made to employees.

Overtime – Includes overtime wages paid to employees based on the date payment was made to employees.

Benefit Amount – Includes the employer cost of FICA, Medicare, contributions to the New Hampshire Retirement System, health and dental insurance premiums, and life insurance premiums.

Total Amount – This column adds the Gross Wage amount, Overtime and the Benefit amount together giving the total City cost of the compensation package received by the employee for the calendar year.

In accordance with the Right to Know Law, RSA 91-A, the City is not allowed to breakout the detail of the insurance benefit amounts by individual as this falls into the category "invasion of privacy" and thus is considered confidential and exempt under the Right to Know Law (RSA 91-A:5 IV) and the Health Insurance Portability and Accountability Act (HIPAA).
