

Economic Revitalization Zone *formally know as a “Crop Zone”*

The Economic Development Economic Revitalization Zone is an incentive for new and existing business’s to relocate, expand or create new jobs in New Hampshire.

Four Steps -

- 1. The municipality has to apply to DRED to create a district and be approved**
2. The company has to be in this district and apply to DRED for approval
3. Calculate the tax credit
4. Tax credit is applied to company's yearly tax return

Don't worry: the ERZ tax credit does not cost the City anything!

- **It is actually a benefit—it can help Dover attract new business or retain current business.**
- **The tax credit goes to companies in Dover and comes from the state's general fund.**
- **Creating ERZ Districts doesn't effect the property value**
