Press Release **July 22, 2015**

The Dover Police Department and the Office of The Chief Medical Examiner is investigating the death of Gregory Sapp, 34, of 79 Horne Street, Dover.

Sapp was found unresponsive by a family member at approximately 5:08 PM on July 21, 2015. Dover Fire and Rescue personnel responded and attempted to revive Sapp but were unable to do so.

While the cause and manner of Sapp's death will ultimately be determined by the Office of the Chief Medical Examiner, at this time it appears to be a drug overdose.

If in fact Sapp's death is due to a drug overdose, it will be the sixth in Dover in 2015, all of which are suspected to be heroin and/or fentanyl overdoses.

This case is being investigated by the Dover Police Department's Special Investigations Bureau.
