# Program Descriptions

Please see the required skills section below to determine what level your child may be in. Please check with one of the instructors if you have questions regarding which level to sign up for. Our **Infant/Toddler** class ages 6 months up to 3 years. This is a wonderful course that may help your child to become more comfortable around the water. Parents and children go in to the water together and under the direction of an instructor learn simple exercises and skills.

Our **Preschool** program is for children ages 3 up to 5 years old. It is broken down into Beginner Preschool and Advanced Preschool. The main difference between the two levels is that in the beginner class the children work on skills with support (noodle, barbell, instructor, etc.). The advanced preschool class is for children who are performing those skills independently. Please note that the preschool classes are 30 minutes long instead of 40 minutes. Swimmers older than 4 are not allowed in the preschool classes.

## Skills Required to Pass

This will help you decide what level to sign up for

**Level 2-** Back and front floats for 5 seconds independently, swim using a combined arm and leg action for 5 yards.
