Program Descriptions:

Our Infant/ Toddler class ages 6 months up to 3 years. This is a wonderful course that may help your child to become more comfortable around the water. Parents and children go in to the water together and under the direction of an instructor learn simple exercises and skills.

Our Preschool programs are for children ages 3 and 4 years old. It is broken down into Preschool Levels 1,2, & 3. . Swimmers older than 4 are not allowed in the preschool classes. Swimmers must be 5 for level 1.

Preschool 1- This is a great start where water comfort, safety, and beginning arm and leg actions are taught.

Preschool 2- Participants should be able to put their face in the water, and float comfortably with instructor assistance. In preschool 2 instructors work on floating on their own, submerging mouth, eyes, and nose.

Preschool 3- Should be able to float on their own and fully submerge while blowing bubbles. Preschool 3 works on front and back glides, and beginning to have participants swim short distances on their own.

Our Level 1-4 classes are for children ages 5-12. The requirements listed will help determine which level to sign up for.

Level 1- Fully submerge face, front and back floats, swim on front and back for 5 yards unassisted. Swimmers must be 5 for level 1.

Level 2- Back and front floats for 5 seconds independently, swim using a combined arm and leg action for 5 yards.

Level 3- Swim 15 yards with rotary breathing, kneeling and sitting dives, butterfly kick and body motion, HELP and huddle positions.

Level 4- Front crawl 25 yards, entire butterfly stroke, treading water.

Our Swim Team Prep program is for participants who are considering joining a swim team. This class focuses on all four competitive strokes, starts, and turns. In this practice, emphasis is placed on building endurance, goal setting, and continued stroke development through reinforced repetition and drills.

Our Adult Classes are designed to assist those with water insecurities moving into stroke development. .

For any additional information or questions regarding our programs please reach out to our Aquatic Program Supervisor.
