Customer Service Center at City Hall to open this fall

Residents will soon enjoy a more convenient way to access some of the most utilized services at City Hall. Construction of a new Customer Service Center at City Hall is now under way and on schedule to open this fall.

The Customer Service Center will occupy the ground floor of City Hall. The space was previously occupied by the Dover Police Department, which moved to a new facility on Chestnut Street in March 2016. Since then, the City has been working on the design, demolition and now construction of the new Customer Service Center. The Water and Sewer billing office, Parking Bureau, City Clerk and Tax Collector Office, and the Information Technology Department will all move to the ground floor of City Hall this fall, allowing residents easy access to customer service in a single location.

Assistant City Planner Donna Benton has been overseeing the design and build project, working with consultant Martini Northern and City of Dover staff.

"This project is more complex than any of us imagined," Benton said. "City Hall was built in 1933 and has been occupied since then, making for some interesting surprises. We have a great team working to improve City Hall in general, making the space more efficient and

welcoming for many years to come."

Some of the ground floor renovations include a new HVAC system, sprinkler system, LED lights, new accessible access, security systems, and new electrical systems. The offices moving to the ground floor will vacate space on the first and second floors of City Hall, allowing other City operations to utilize additional space.

"Some of the significant obstacles at City Hall include the lack of storage space, room for future growth, additional meeting space, improving fire safety and bringing the ground floor up to code, and generally more efficient systems in place to improve customer service across all departments," Benton said.

Dedication ceremony slated for new Parking Garage murals

The Dover Arts Commission and Seymour Osman Community Center will hold a dedication ceremony for new parking garage murals depicting the history of Dover on Friday, Aug. 4, 2017 at 5:30 p.m., at the Orchard Street Parking Garage.

The Dover Arts Commission submitted a grant application to the New Hampshire State Council on the Arts in 2016 for the creation and installation of mosaic murals at the parking garage, the City's first public art installation.

The five mosaic murals, installed on each level of the garage, were created earlier this year by children ages seven to 12 in an afterschool program at the Seymour Osman Community Center. Assembled under the guidance of Robert Rossel of Epping, a New Hampshire State Council on the Arts' artist, each mural depicts an iconic Dover landmark. The icons were designed by Pip Clews of Portsmouth. The mural frames were constructed with donated wood by building trades students at Dover High School.

The murals span Dover's history, including a gundalow,

the mills, Garrison Hill Tower, City Hall and the Dover Police Mounted Patrol.

This project was made possible with support from the New Hampshire State Council on the Arts and the National Endowment for the Arts, and generous sponsors who provided additional funding, including the City of Dover, Dover Police Charities, Chinburg Properties, Cocheco Printworks, Glass Routes, Kennebunk Savings Bank, Little Tree Education and Shaheen & Gordon, PA.

The dedication ceremony on Aug. 4 is open to all. Please RSVP to Parking Manager Bill Simons ate 516-2277 or <u>W.Simons@dover.nh.gov</u>.

July 26, 1696 - The people of Dover were waylaid as they were returning from the public worship, when three were killed, three wounded, and three carried to Penobscot, from whence they soon found their way home. The persons killed were Nicholas Otis, Mary Downs and Mary Jones; those wounded were Richard Otis, Anthony Lowden and Experience Heard; those captured were John Tucker, Nicholas Otis, Jr. and Judith Ricker. As these persons all appear to have lived between Waldron's garrison and Garrison Hill, it is probable that the attack was between the upper falls and the brow of the hill before reaching Otis' Garrison.

July 27, 1830 - Present appearances promise an unusual crop of potatoes. Some farmers have offered them at ninepence a bushel, in anticipation of the harvest. Good hay is now selling for \$5 a ton. (Dover Enquirer)
