## City of Dover seeks election workers

The City Clerk's Office is seeking election officers to help staff Dover's polling places during the Nov. 5 Municipal Election.

The City Clerk's office provides training to all election workers. These are paid positions. Election workers must be at least 18 years old and a Dover resident.

Election officers assist with a variety of duties on election day, including aiding voters, maintaining order, opening and closing the polls, and processing the vote counts.

For more information, contact the City Clerk's Office at 516-6018 or email City Clerk Susan Mistretta at [s.mistretta@dover.nh.gov](mailto:s.mistretta@dover.nh.gov).

## Dover Fire & Rescue reminds residents daylight-saving is a good time to change smoke and carbon monoxide detectors

As daylight-saving time ends on Sunday, Nov. 3, safety officials are urging people to change and test the batteries in smoke alarms and carbon monoxide detectors. The message is simple and the habit can be lifesaving.

Dover Fire & Rescue reminds residents that one simple step can help save their lives and the lives of those around them. Everyone is encouraged to use the extra hour they "gain" from daylight-saving time to change the batteries in their own smoke alarms and carbon monoxide detectors, test the alarms and remind friends, family, neighbors and fellow community members to do the same.

Communities nationwide witness tragic home fire deaths each year, but, everyone can work together to help reduce the number of home fire fatalities. Non-working smoke alarms rob residents of the protective benefits home fire safety devices were designed to provide. The most commonly cited cause of non-working smoke alarms: worn or missing batteries.

"Eighty percent of child fire fatalities occur in homes without working smoke alarms," said Dover Fire Chief Paul Haas. "It's a tragic statistic that could be reduced by adopting the simple habit of changing batteries during daylight savings."

Changing smoke alarm batteries at least once a year, testing those alarms and reminding others to do the same are some of the simplest, most effective ways to reduce these tragic deaths and injuries.

Additionally, the International Association of Fire Chiefs recommends that smoke alarms in homes be replaced every 10 years and to have both ionization and photo electric smoke alarms to alert people to all types of home fires.

"The peak time for home fire fatalities is between 11 p.m. and 7 a.m. when most families are sleeping," Haas said. "Smoke alarm maintenance is a simple, effective way to reduce home fire deaths. Children and senior citizens are most at risk, and a working smoke alarm can give them the extra seconds they need to get out safely."

In addition, Haas recommends residents not only use the "extra" hour they save from the time change to test smoke alarms and carbon monoxide detectors and to plan and practice escape routes, but also to make sure fellow neighbors and community members do the same. Families should also prepare a fire safety kit that includes working flashlights and fresh batteries.

Tragically, home fires injure and kill thousands each year. Those most at risk include:

- **Children** - Home fires kill 500 children ages 14 and under each year. Roughly three-quarters of child fire fatalities under age 15 occurred in homes without working smoke alarms.
- **Seniors** - Adults 75 and older are 2.8 times more likely to die in a home fire.
- **Low-Income Households** - Many low-income families are unable to afford batteries for their smoke alarms. These same households often rely on poorly installed, maintained or misused portable or area heating equipment - a main cause of fatal home fires.

For more information about fire safety, call Dover Fire & Rescue at 603-516-6148.

## This month's Art Walk stays spooky

This November's Dover Art Walk on Friday, Nov. 1 from 4-8 p.m., falls on Dia De Los Muertos. To keep with the theme, the Art Walk this month will extend Halloween this week, giving adults and families an opportunity to stay in costume. Stop by Danielle Festa's studio at the One Washington Street Mill for face painting or temporary tattoos.

Take a tour of Downtown Dover's thriving arts community, while enjoying live music and entertainment, and Dover's bustling restaurants and shops. Did you know some businesses also offer specials during First Fridays? Visit the Cinco De Mayo Dia De Los Muertos altar and create a message. Mention the Art Walk for 15 percent off your bill.

There is also a new way to navigate the Art Walk, via the PocketSights app. Download the free app on your smartphone and the Dover Art Walk map will pop up if you are close by.

Find our visiting artists in the Art Center along with live music by 3 Shades of Gray and NO1U Know, while checking out this month's artist reception. SEH studios will host musician Jessica Kelly. Find many other artists with open studios throughout the mill.

Walk the downtown to experience to many more stops, including Wrong Brain and its Inktober x3 exhibition. End the evening with "Art-ini" at Cara's Irish Pub.

Whether you're curious about Dover's arts community, or looking to purchase a unique piece of Dover art, the Art Walk, held the first Friday of each month, has something for everyone.

For more information, visit [doverartwalk.com](http://doverartwalk.com).

## Sunday hours at the Recycling Center

The City of Dover Recycling Center on Mast Road is now open for additional hours on Sunday.

Through Dec. 1, the Recycling Center will be open on Sunday from 8:30 a.m. to 12:30 p.m.

The Recycling Center's regular hours are Tuesday, Thursday and Saturday, 8:30 a.m. to 3:30 p.m.

For more information about the Recycling Center, call 516-6450.

## River Street utility work wrapping up

The installation of a gas main connecting River Street and Washington Street is expected to conclude today, Friday, Nov. 1. The work is being conducted by a Unutil contractor and is in preparation of development of the waterfront.

On Monday, Nov. 4, crews are expected to pave the excavated trenches on site. This work will require lane closures on both River and Washington streets, but not the complete closure of either street.

For more information, contact Community Services at 516-6450.

## Central Avenue traffic restrictions remain in place as utility work continues

A portion of Central Avenue remains restricted to one lane during underground utility work adjacent to the Cochecho Mill

Courtyard.

The traffic restriction will remain in place on weekdays from 7 a.m. to 6 p.m. In addition, while the work is ongoing, four parking spaces will be unavailable on weekdays from 6 a.m. to 6 p.m. At some point during the week of Nov. 4, the work will shift to night operations. When that occurs, traffic will remain restricted to one lane and parking restrictions will remain in place while the night work is ongoing.

The utility work, which is being completed by an Eversource contractor, is necessary to improve the reliability of the electric utility downtown. The work is in response to power disruptions earlier this year and follow-up meetings between Eversource and downtown merchants.

The trench work will eventually cross Central Avenue from the courtyard to First Street and may require additional parking restrictions on First Street once the Central Avenue work is completed. The work is expected to last about two weeks.

For more information, contact Community Services at 516-6450.

## Night utility work to affect downtown traffic and parking beginning Sunday

On Sunday, Nov. 3, at 8 p.m., work is scheduled to begin to install a gas main from Chapel Street to First Street. This work is expected to continue from 8 p.m. to 6 a.m. each evening, Sunday through Thursday, for approximately two to three weeks.

As the work progresses, traffic will be reduced to one lane on either a portion of Main Street northbound or on Central Avenue southbound. Initially, this work will require the temporary, complete closure of Chapel Street at Main Street, and the Franklin Plaza loop. Detours will be in effect to facilitate reverse direction traffic. The Janetos Plaza will remain accessible from all driveways except the southbound, left turn at the mouth of Chapel Street.

Additionally, parking will be prohibited in the westerly spaces along Central Avenue, from Second to Third streets, for the overnight hours from 8 p.m. to 6 a.m. only.

Once the work on Main Street and Central Avenue is complete, additional parking restrictions will be in place along the first block of First Street and the first 100 feet of Chapel Street.

For more information, contact Community Services at 516-6450.

## There's still time to share your thoughts about recreation and the arts in Dover

The City of Dover is updating the Recreation Chapter of the Master Plan and wants feedback. Each year a different chapter of the city's guiding document, the Master Plan, is updated. This year it's recreation, which was last updated in 2009. The new chapter will not only focus on recreation but also include a larger arts component.

The public is encouraged to weigh in on recreation and the arts in Dover and what they would like to see in the future. The Strafford County Regional Planning Commission will help facilitate the public input process and update the chapter.

Don't miss your chance to participate at the following events:

- Friday, Nov. 1, Dover Art Walk, downtown, 4 to 8 p.m.

Two online surveys are also available. The first focuses on recreation and can be accessed at <https://bit.ly/2l4aJOs>. The second focuses on public art and can be accessed at <https://bit.ly/31f3THf>.

Please follow Dover's Planning Department on Facebook, visit the Planning Department's webpage, or call 603-516-6008 for more information.

## This week in DOVER HISTORY

The following events are recorded in "Notable Events in the History of Dover, New Hampshire: From the First Settlement in 1623 to 1865," by George Wadleigh, and several other historical sources.

For more on the history of Dover, settled in 1623 and the oldest permanent settlement in New Hampshire and seventh oldest in the country, visit the Dover Public Library, Locust Street; and the Woodman Museum, Central Avenue. The Public Library also maintains an online collection of historical information, [located here](#).

**Nov. 7, 1774** - A town meeting was held to see if the inhabitants would raise anything, either "in money, fat cattle or sheep," for the relief of the poor of Boston, then suffering from the operations of the Port Bill. And it was voted that the town would "give something."

**Nov. 2, 1789** - The town voted to allow the Society of Friends 13,000 feet of boards for their proportion of the money paid for the purchase of a bell, as soon as the same could be collected from the persons who bought the lots.

**Nov. 6, 1818** - Died, Capt. John Riley, aged 66. His death was occasioned by a fall from the staging of a ship building in this town, two days previous, by which both his thighs were broken and mangled in the most shocking manner. He has left a numerous family to mourn the loss of a kind husband and father and true friend. (Strafford Register)

**Nov. 3, 1828** - Presidential election; after a warm contest between the supporters of John Quincy Adams and Jackson, the vote of Dover was 505 for Adams, 322 for Jackson.

**Nov. 5, 1834** - Drowned in the Cochecho, near the Landing, Capt. Moses P. Perkins, aged 40.

November is Family Literacy Month

Join us at the Dover Public Library as we celebrate Family Literacy Month. National Family Literacy Day, celebrated across the U.S., focuses on special activities and events that showcase the importance of family literacy programs. First held in 1994, the annual event is officially celebrated on Nov. 1, but many events are held throughout the month of November. Schools, libraries, and other literacy organizations participate through read-a-thons, celebrity appearances, book drives, and more.

To encourage reading together as a family, we are posing the "21-Day Read Aloud Challenge" at <http://www.readaloud.org/21daychallenge.html>. Any family that reads together for at least 21 days during the month of November will be entered in a raffle for a chance to win a family prize. Pick up the form in the Children's Room and start reading.

We also have programs for families to enjoy together. On Saturday, Nov. 9 from 3-5 p.m., local artist Ryan L. Higgins will lead a drawing workshop called "Superhero You!" Higgins will teach participants how to draw their own personal and unique superhero.

The Center for Wildlife will present "Raptors, Reptiles, and Mammals" on Saturday, Nov. 16 at 11 a.m. Come meet their animal ambassadors: creatures who were injured or orphaned wild animals.

And don't miss the fun on Saturday, Nov. 23 as we wish Sesame Street a Happy 50th Birthday. From 9-11 a.m., you can enjoy pancakes with Elmo. Activities, games, and crafts related to the iconic television show will be available in the Children's Room from 9 a.m.-1 p.m.

These events are free and open to the public.

For more information, call the Dover Public Library's Children's Room at 603-516-6052.
