Greetings guys,

I wanted to complete what I said I would do before I go on leave. So on our SharePoint Drive:

1. I have just updated the following file:

“GB Eelgrass acreage_analysis_jsl.xlsx”

2. and added the following file:

“SAVvNload_PREP_jsl.pptx”

I will be around tomorrow (telework) if you want to chat, but won't have access to my files since I will be leaving my work computer at work.

I will be gone from June 18 through July 2.

Regards,

Jim
