Hi Jim,  
Thanks for checking in! I just touched base with Dan and we have a few thoughts...

Could we have a call next week (Wed or Thurs) to touch base regarding these issues and perhaps a few other considerations? (e.g., annual vs seasonal load limits)  
Finally, we have begun to develop a Fact Sheet analysis and would appreciate your input on that once we have a complete draft.  
Thanks,  
Michael

Hi guys,  
Are you waiting for anything from me?
