**Subject:** NHDES-EPA Conference Call on GB  
**Date:** Thursday, August 22, 2019 2:10:00 PM

---

Hi Allen,

EPA Region 1 and NHDES staff convened a call today so Clarke and his team could us talk us through the concepts in the draft Great Bay nitrogen strategy memo, which we understand is still being built out at the margins and refined. On the call, he, Ted and Sterg elaborated on several dimensions of the initial draft. At Clark's request, I tried to capture as much of the actual conversation as possible and in cases where I didn't capture NHDES's actual words, I tried to convey the overall sense. I'm sending it to you in case you/NHDES find the material appropriate for inclusion in the final memo.
