The Developer and the City wish to document their Agreement pursuant to which the City will reimburse Developer when and if Developer completes certain public improvements and receives a certificate of occupancy for the Project.

ARTICLE IV

CONSTRUCTION AND MAINTENANCE
OF PROJECT IMPROVEMENTS; PUBLIC IMPROVEMENTS;

Section 4.01 Duty of Developer to Construct.

The Developer acknowledges and agrees that, if and when constructed, the Project shall be constructed in accordance with this Agreement, including those improvements identified in Exhibit B, and the Permits and Approvals. The construction of the Project shall also be in compliance with the applicable codes, ordinances, rules and regulations of the City and the State of New Hampshire.

Section 4.02 Changes to Project Conceptual Plans, Design, Construction.

During the Developer's prosecution of the Permits and Approvals, the Developer may alter the design of the Project, as described in this Development Agreement, including the Project description at Exhibit B and the Project Plans at Exhibit C, subject to the consent and approval of the City, acting by and through its City Manager (or designee), which approval shall not be unreasonably withheld. Any changes to the design or construction of the Project considered material by the City Manager, in the City Manager's sole discretion, shall require approval by the City Council. Following the issuance of Permits and Approvals, any material changes to the design or construction of the Project which vary from the Permits and Approvals, shall require the approval of the appropriate board, department, office, agency, officer or employee, in addition to the approval of the City, as set forth above.

Section 4.03 Project Status

During the term of this Development Agreement, the Developer shall, upon request, supply the City with any relevant information regarding the Project, including the status of occupants for the Project. The City agrees to maintain the confidentiality of such information, as may be requested from time to time by the Developer, consistent with the provisions of RSA 91-A.

Section 4.04 Development of Public Improvements; Reimbursement by City

As part of the Project, the Developer shall design, engineer and install or cause the design, engineering and installation of, with consultation from and the approvals by the City of the design, engineering and installation work, the following Public Improvements, as shown in the plans at Exhibit C:

A) a single-lane roundabout at the intersection of Silver Street, the north bound onramp for Exit 8 of the Spaulding Turnpike and the entrance to the Project Site.

After a certificate of occupancy has been issued for the proposed seventy five (75) unit Assisted Living Facility building on the Project Site, the City shall reimburse the Developer up to One Million Dollars (\$1,000,000) toward the commercially reasonable costs expended by the Developer on the Public Improvements, including the direct carrying costs associated with procuring a letter of credit or other suitable surety referenced in Section 5.02, and the design and engineering costs related thereto expended by the Developer on the Public Improvements (“the Reimbursement”). Reimbursement requests shall be made in writing with supporting invoices and other documentation reasonably satisfactory to the City, demonstrating the costs of the Public Improvements incurred by the Developer. No developer fees, including any overhead or profit, or markups shall be reimbursed by the City.

ARTICLE V

TAXES; TAX GUARANTEES

Section 5.01 Targeted Taxes.

A critical element in the decision of the City to enter into this Development Agreement and to undertake reimbursement of some of the costs for the Public Improvements, which shall inure, in part, to the benefit of the Developer, is the generation of *ad valorem* real property taxes for the productive redevelopment of the Project Site. To that end, the Developer warrants that:

(a) *Property Value Guarantee.* Beginning on April 1 of the year immediately following the date on which the Developer is issued a certificate of occupancy for the proposed seventy five (75) unit Assisted Living Facility building designated to be constructed in the Project (“Start Date”), the City and the Developer agree that the overall assessment value of the Project, including the Project Site, for *ad valorem* tax purposes, shall be not less than the amount necessary to generate an annual tax payment, given the then-existing City’s published overall tax rate, equal to the following: The sum of the actual expense to the City to retire, over a five (5) year period, the bond, or portion thereof, issued by the City to provide funding for the Reimbursement, including interest at rates then applicable to the issued bond, plus its reasonable costs, expenses and fees related to the issuance and servicing of the bond (the “Guaranteed Assessed Value”). In the event that following the setting of the Guaranteed Assessed Value, the City discovers any other costs, expenses and fees related to the issued bond which were not

included in the calculation of the original Guaranteed Assessed Value figure or if the Guaranteed Assessed Value was set based on estimates of such interest, costs, fees and expenses that do not reflect the actual interest, costs, fees and expenses, the City, following written notice to the Developer and an opportunity not to exceed thirty (30) days for Developer to raise issues regarding the validity or applicability of such interest, costs, fees and expenses, may modify the Guaranteed Assessed Value unless such interest, costs, fees and expenses were known and should have been included in the setting of the Guaranteed Assessed Value, but were omitted due to the reckless, willful or wanton (but not negligent) conduct of the City.

(b) *Tax Guarantee Period.* For a period of seven (7) years commencing on the date on which the City first establishes the Guaranteed Assessed Value (“Tax Guarantee Period”), the City and the Developer agree that the value of the Project, including the Project Site, for *ad valorem* tax purposes shall be the greater of the Guaranteed Assessed Value and the actual assessed value of the Project, including the Project Site, determined by the City as a result of any valuation or revaluation the City may conduct during the Tax Guarantee Period. The Developer, for itself, and for any tenants or occupants who come to occupy the Project Site during the Tax Guarantee Period, expressly waives any and all suits, claims, and petitions related to the Guaranteed Assessed Value during the Tax Guarantee Period, only, but not as to the right to file for an abatement of taxes relative to any assessment of the value of the Project to the extent such value exceeds the Guaranteed Assessed Value. At no time during the Tax Guarantee Period shall the assessed value of the Project, including the Project Site, decrease below the Guaranteed Assessed Value for *ad valorem* tax purposes. At any time during the Tax Guarantee Period, the City may conduct a revaluation of the Project, including the Project Site. The provisions of this section shall terminate at the end of the Tax Guarantee Period. The parties shall record a notice of this Development Agreement in the Strafford County Registry of Deeds in the form of the notice attached as Exhibit F, which notice shall be discharged at the end of the Tax Guarantee Period.

The Developer shall cooperate with the City to provide information, including cost certifications, leases, and other documents in connection with the Project to permit an accurate assessed valuation for the Project, including the Project Site.

Section 5.02 Tax Shortfalls.

If, at any time or for any reason during the Tax Guarantee Period, the provisions of the preceding section are determined to be unenforceable or the *ad valorem* taxes produced from the Project, including the Project Site, are less than those which should have been produced had the Project, including the Project Site, been valued at the Guaranteed Assessed Value, then the Developer shall be responsible for the payment of the difference between such taxes assessed on the Project and the *ad valorem* taxes that would have been assessed on the Project, including the Project Site, based on the Guaranteed Assessed Value (the “Ad Valorem Tax Payment Obligation”).

Any Ad Valorem Tax Payment Obligation shall be due and owing at the same time that taxes are generally due for City property owners, and shall be treated as an obligation for the payment of taxes for all purposes related to enforcement of the obligation. Payment of the first

year of taxes based on the provisions of Section 5.01 shall be secured by a letter of credit or other form of surety reasonably acceptable to the City. Such surety shall be posted with the City on or before the issuance of the certificate of occupancy for the first building constructed in the Project.

Section 5.03 Impact Fees

All impact fees for the Project shall be paid on or before the Certificate of Occupancy is issued to the Developer for the Project.

ARTICLE VI

MISCELLANEOUS

Section 6.01 Agreement Termination.

In instances throughout this Development Agreement where termination of this Agreement is possible, termination must be accomplished by writing provided by the Developer to the City within the deadlines set forth in the Project Schedule. Upon any such termination, neither party shall have any further rights nor obligations hereunder except those obligations that expressly survive such termination.

Section 6.02 Release and Indemnification.

The Developer releases the City, the members of the City Council and the City's respective officers, attorneys, agents and employees, from, agrees that the City, the members of the City Council and the City's respective officers, attorneys, agents and employees, shall not be liable for and indemnifies the City, the members of the City Council and the City's respective officers, attorneys, board members, agents and employees against, all liabilities, claims, costs and expenses, including out-of-pocket and incidental expenses and legal fees, imposed upon, incurred or asserted against the City, the members of the City Council and the City's respective officers, attorneys, agents and employees, arising, directly or indirectly, in whole or in part, out of the negligence or willful act or omission of the Developer, its agents or anyone who is directly employed in connection with (i) this Development Agreement and/or (ii) the Project, including the construction of the Project and the maintenance, repair and replacement of any improvements which the Developer is required to undertake pursuant to this Development Agreement or any Permit or Approval, provided that, such release or indemnification shall not apply to any actions or claims brought as a result of any material breach of this Development Agreement, or the willful misconduct or fraudulent action of the City, the members of the City Council and the City's respective officers, attorneys, agents and employees.

In case any claim or demand is at any time made, or action or proceeding is brought, against or otherwise involving the City, any member of the City Council or any officer, attorney, board member, agent or employee of the City, in respect of which indemnity may be sought hereunder, the person seeking indemnity promptly shall give notice of that action or proceeding

to the Developer, and the Developer upon receipt of that notice shall have the obligation and the right to assume the defense of the action or proceedings. An indemnified party may employ separate counsel and participate in the defense, but the fees and expenses of such counsel shall be paid by the indemnified party unless (i) the employment of such counsel has been specifically authorized by the Developer in writing, or (ii) the Developer has failed to assume the defense and to employ counsel or (iii) the named parties to any such action (including any impleaded parties) include both an indemnified party and the Developer, and such indemnified party may have one or more legal defenses available to it which are different from or additional to those available to the Developer, in which case, if the indemnified party notified the Developer in writing that it elects to employ separate counsel at the Developer's expense, the Developer shall not have the right to assume the defense of such action on behalf of such indemnified party and the Developer shall be responsible for payment of the fees and expense of such separate counsel.

The indemnifications set forth above are intended to and shall include the indemnification of all affected officials, attorneys, agents, board members, officers and employees of the City, respectively, and each and all of their successors and assigns. Those indemnifications and any other indemnifications provided for herein are intended to and shall be enforceable by each and every indemnified party to the full extent permitted by law and shall survive the termination of this Development Agreement.

Section 6.03 Notices.

Any notice, payment or instrument required or permitted by this Development Agreement to be given or delivered to either party shall be deemed to have been received when personally delivered 1 day after delivery to Federal Express, UPS or other reputable overnight carrier or 72 hours following deposit of the same in any United States Post Office, registered or certified mail, postage prepaid, addressed as follows:

Section 6.05 Successors and Assigns.

This Development Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. Assignment of this Development Agreement by the Developer shall not be permitted without the prior written consent of the City. In connection with any such consent of the City, the City may condition its consent upon the acceptability of the financial condition of the proposed assignee, upon the assignee's express assumption of all obligations of the Developer hereunder or upon any other reasonable factor which the City deems relevant in the circumstances. In any event, any such assignment of this Development Agreement shall be in writing, shall clearly identify the scope of the rights and obligations assigned and shall not be effective until approved by the City. Notwithstanding the foregoing, the prior written consent of the City shall not be required for a collateral assignment of this Development Agreement by Developer to an institutional commercial lender for the express purpose of obtaining a loan for the construction of the Project or a portion thereof.

Section 6.06 Waiver.

Failure by a party to insist upon the strict performance of any of the provisions of this Development Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Development Agreement thereafter.

Section 6.07 Merger.

No other agreement, statement or promise made by any party or any employee, officer or agent of any party with respect to any matters covered hereby that is not in writing and signed by all the parties to this Development Agreement shall be binding.

The City Manager shall have authority to agree to the amendment of this Agreement on behalf of the City without further action of the City Council. Any amendment considered material by the City Manager, in the City Manager's sole discretion, shall require the approval of the City Council.

Section 6.10 Completion of the Project.

The City and the Developer have agreed on the Estimated Project Schedule for the redevelopment of the Project Site, as set forth at Exhibit D of this Development Agreement. It includes specific deadlines, including deadlines for the performance of certain duties and obligations by the Developer, which represent Developer's best estimate at the time this Agreement is executed. Notwithstanding any other provision herein to the contrary, Developer shall be under no obligation to commence the Project at the times contained herein, or ever. If, however, Developer does not complete the 75 unit Assisted Living Facility and the Public Improvements, the City shall have no obligation to reimburse Developer for any sums expended by it. If the Developer has not commenced construction on the 75 unit Assisted Living Facility within five (5) years of the execution of this Agreement, both parties shall review and determine, in their sole discretion, if they wish to reaffirm their commitments. For purposes of this Section 6.10, commencement of construction shall mean the issuance of a building permit. Any reaffirmation of commitments shall be executed in writing by both parties.

Section 6.11 Force Majeure

In the event that either party hereto shall be delayed or hindered in or prevented from the performance of any act required hereunder by reasons of strikes, lockouts, inability to procure materials, loss of utility services, restrictive governmental laws or regulations, riots insurrection, war, acts of God, or other reason of a like nature not the fault of the party delayed in performing work or doing acts required under the terms of this Development Agreement, then performance of any such act shall be extended for a period equivalent to the period of such delay.
