Dover's Community and Organizational Profile
A Master Plan

- Is a set of statements about land use and development principles for the municipality with accompanying maps, diagrams, charts and descriptions to give legal standing to the implementation of ordinance and other measures of the Planning Board.

- Should lay out a physical plan which takes into account social and economic values describing how, why, when and where the community should build, rebuild and preserve.
Planning Board Oversees
(Guided by RSAs 674:3, 674:4 and 675:6)

- The Board may adopt the master plan as a whole, or in sections or parts.
- Plan updates should be every 5 to 10 years.
- The Board shall inform the general public and the Office of Energy and Planning and regional planning commission of updates.
- Public hearing must be held prior to adoption or amendment.

Do’s and Don’ts

- Do think of the Master Plan as:
  - The community’s vision
  - A living/dynamic document
  - A tool for managing growth
  - A guide for capital spending
  - The City’s strategic plan

- Don’t think of the Master Plan as:
  - Regulations
  - A static document
  - Funding
  - A burden
  - A place holder
Master Plan Layout

- Readability is important
  - Chapter text shall be no more than 50 pages
  - White Space for notations
  - Visual elements are embedded with text
  - Reduced redundancy

- Maintain cohesive layout and format
  - Land Use Analysis
  - Recreation
  - Community Facilities and Utilities

- Realistic goals and objectives
Executive Summary Elements

LAND USE ANALYSIS RECOMMENDATIONS

Housing Trends

Residential

R1 - Eliminate the existing “density bonus” allowances (Chapter 155-22.D1) in the Open Space Subdivision Regulations and consider incentives based on Landscaping, Building Materials, LEEDS Certification, and other environmentally progressive requirements.

R2 - Adopt Traditional Neighborhood Development and Transit-Oriented Development

C

Sample Recommendations

- **Land Use**
  - IN1 – Update definitions for elderly care facilities.
    - Completed 2011
  - AH4 – Create a separate Housing Chapter of the Master Plan.
    - To Be Reviewed
  - C6 – Designate areas as Business Investment Districts to improve infrastructure & streetscape by taking advantage of income created by an increased tax assessment.
    - Completed 2014
Sample Recommendations

- Transportation
  - In addition to the funding sources described in this section, The City should consider impact fees when feasible and appropriate. As developers implement projects that have an identifiable impact on the surrounding transportation system, a fee should be exacted. This fee would be used towards offsetting impacts of the development in the form of roadway, intersection and related improvements.
  - Not recommended, 2010, Planning Board
674:5 - 9. Capital Improvements Program

[Amended July, 2002 by NH Legislature]

Allows any community with a Master Plan to prepare a six-year capital improvements program

“The planning board... shall review the recommendations of the master plan in relation to the proposed capital improvements program.”
Visioning

Vision Statement

A City with an emerging urban vibrancy guided by a small town sense of community.

- When Dover celebrates its 400th anniversary in 2023 it will be a dynamic community with an outstanding quality of life because it has achieved the following interconnected characteristics:
Vision Elements

- Safe family friendly neighborhoods, a strong sense of community and an excellent school system,
- The historic downtown is alive and vibrant,
- Government and schools are run effectively and efficiently with full transparency,
- Multiple transportation modes present,
- Traffic volumes/speeds are well managed,
- Dover attracts and retains stable, well-paying jobs,
- Rural character is preserved and infill development is encouraged,
- Enhanced environmental quality in all the City’s activities.
