Scope of Services
Project Priorities, Goals, and Objectives

VISION TRANSPORTATION ELEMENTS

- A walkable community complemented by citywide pedestrian, bicycle and wheel chair accessible features.
- A public transit system that services the entire community.
- Traffic calming measures to manage speed and “pass through” traffic in the downtown and neighborhoods.
Task 1: Develop a Full Understanding of Dover’s Transportation System
Month 1-Month 1.5

Task 2: Synthesize Data
Month 1.5-Month 4.5

Task 3: Evaluate Strategic Alternatives
Month 4.5- Month 7.5

Task 4: Draft and Final Transportation Chapter
Month 7.5- Month 10.5

Task 5: Meetings and Public Engagement
Public Engagement Process
Steering Committee & Public Meetings

Task 2 Synthesize Data
- Steering Committee coinciding with Public Workshop
- Steering Committee

Task 3 Evaluate Alts.
- Steering Committee
- Steering Committee coinciding with Public Workshop
- Steering Committee

Task 4 Chapter Preparation
- Steering Committee
Task 2 – Synthesize Data
Public Workshop #1

- Brief Presentation on Data Collection (15 min)
- Warm-up Exercise using Turning Point (15 min)
- Workshop (1 hour)
  - Three Stations with Maps/Graphic. etc.
  - Issues and Opportunities
    - Traffic Congestion/Crash Locations
    - Transit/Bike/Pedestrian Connectivity
    - Neighborhoods/Traffic Calming/ Land Use Patterns
  - Brief Report Back
- Wrap-up (5 min)
External Communication

- Newsletter
- Website
- Email Distribution List
Data Gathering
### Task 1 - Develop a Full Understanding of Dover’s Transportation System
