Media Release **September 4, 2018**

The Dover Police Department and the Office of The Chief Medical Examiner are investigating the death of Scott Herterich, 30, which occurred in Dover on Monday, September 3, 2018.

At approximately 8:44 P.M. on September 3rd, the Dover Police and Dover Fire and Rescue responded to Herterich's residence on Hubbard Road after a family friend reported finding him unresponsive. Herterich was found to be deceased on-scene.

While the cause and manner of Herterich's death will ultimately be determined by the Office of the Chief Medical Examiner, based on the investigation to date it appears to be drug related.

If in fact Herterich's death is due to a drug overdose, it will be the sixth confirmed in Dover in 2018, which had thirteen suspected drug related deaths in 2017.
