Media Release **October 15, 2018**

The Dover Police Department and the Office of The Chief Medical Examiner are investigating the death of Tamara Hussey, 35, which occurred in Dover on Friday, October 12, 2018.

At approximately 8:55 PM on October 12th, the Dover Police and Dover Fire and Rescue responded to Hussey's residence on Western Avenue after a friend reported finding Hussey unresponsive. Hussey was found to be deceased on-scene.

While the cause and manner of Hussey's death will ultimately be determined by the Office of the Chief Medical Examiner, based on the investigation to date it appears to be drug related.

If in fact Hussey's death is due to a drug overdose, it will be the eighth confirmed in Dover in 2018, which had thirteen suspected drug related deaths in 2017. The Dover Police Department has responded to thirty-one non-fatal drug overdoses in 2018.
