Bilingual Boogie

Creative Movement in Spanish & English

Get your groove on and learn Spanish at the same time! Bilingual Boogie is a creative movement activity designed for young children, walking through age 6. Instruction and musical selections are in Spanish and English. The class exposes children to the Spanish language in an energetic and comfortable way. Children (and their caregivers) will hear and be encouraged to repeat Spanish words, phrases, and simple songs while moving about the class.

Wear comfortable clothes and kick off your shoes!
