TEEN SUMMER READING PROGRAM

**Program runs from
June 29 - Aug. 1**

Dover
public library

WHO CAN SIGN UP?

Teens entering grades 6-12 are welcome to participate in this program.

If you're younger, no worries! We have a program for children (5th grade & under) as well.

HOW TO SIGN UP

Register at any time starting June 29 at 9am. When you sign up in person, you'll get a calendar to keep track of the hours you spend reading, volunteering, and doing physical activities. You can also sign up on the free Beanstack app.

HOW IT WORKS

Register for the program and receive a paper reading log calendar where you can record your reading and activity times, or you can choose to use the Beanstack app to record time digitally.

For every two hours spent reading, volunteering, or doing physical activities (biking, swimming, hiking - whatever gets you moving!) you'll receive a raffle ticket that you can use to enter for a prize. Add up your time, then bring your reading log to the Library's Circulation Desk to check in with Emily and receive your raffle tickets and prizes!

PRIZES

We will be offering prize raffles every week during the program, so be sure to check in frequently to receive your raffle tickets! Prizes include gift cards to local businesses, a giant stuffed goose, Jellycats, games, and more!

EVENTS

We have loads of events planned for the summer including dino terrarium making, an interactive movie night, a dino egg hunt, and more! We will also have many all ages programs to tie into this year's theme. For a complete list of events, scan the QR code on the back of this brochure or ask a librarian!
