Families touring Santa's Castle will also meet Santa's Elves, various costumed characters, and Santa himself. Families are welcome to bring a camera and take pictures or video of their children with Santa.

Santa's Castle is designed for children ages nine and under, but the whole family is invited. The cost is \$8 per child and \$4 per adult. Miss the Holiday Parade? Catch in online and on Channel 22

The annual Holiday Parade was held on Sunday, Nov. 25. If you missed this year's parade or want to see it again, you can catch it on Channel 22 or online, on demand here: <https://dovernh.viebit.com/player.php?hash=FQAVPOtOWnTf>.

The parade is organized by the Dover Children's Center and underwritten by Liberty Mutual. The theme of this year's parade is "Christmas Through the Decades."

The parade's grand marshal for 2018 is Patty Rawding Anderson, executive director of Reach for the Top Outpatient Pediatric Rehabilitation Program.

Dover Fire Toy Bank now seeking donations

The leaves have fallen, the weather is much colder, the days are getting shorter and that means the 2018 Dover Fire Toy Bank has started planning for their annual toy bank.

The Dover Fire Toy Bank has been coordinated by current and retired members of the Dover Fire & Rescue for more than 40 years. The Toy Bank started out all those years ago helping a dozen families in the city, it has now grown to helping over 350 families. While Christmas typically conjures up visions of Santa and toys, the Toy Bank also provides educational aids, warm clothing, and boots to many children in Dover.

Games and toys are fun; but this year as in the recent past, the Dover Toy Bank is also anticipating an increased need for the fundamentals for many Dover families.

The Dover community - area businesses, seniors, families, school groups, civic groups and others have been very supportive and generous in the past. Donations of toys, games, clothing, personal hygiene items, gift certificates, and monetary donations have enabled us to help those less fortunate. The Toy Bank would not be successful without continued help from the community.

Here's how to help: Collect new toys within your organization for age groups from newborn to 12 years old. If looking for a specific need to fill, the infant and 9-12 age groups are always in need for both boys and girls. If you need a collection box, please call 603-516-TOYS, leave a message and we will get you one for your business.

Purchase gift cards to area businesses, mall stores, and grocery stores are always appreciated.

Shop for hats and mittens, gloves and scarves that are

needed for the cold winter. These gifts help ensure each child receives these essentials.

Collecting monetary donations within an organization and shopping for gifts helps greatly. If you don't have time to shop for these items, the Toy Bank will do it for you.

Toy Bank volunteers will pick up donations on site or drop off new, unwrapped items at these locations: Dover Central Fire Station (9-11 Broadway), South End Fire Station (27 Durham Road) or the North End Fire Station (262 Sixth St.) anytime until Christmas evening.

Monetary contributions can be picked up on location or mailed to Dover Fire Toy Bank, P.O. Box 1712, Dover, NH 03821-1712. Please make checks payable to The Dover Fire Toy Bank.

For more information, or to help wrap presents, call 603-516-TOYS (8697).

Police now accepting names for holiday food baskets

Dover Police Chief William M. Breault announces the Police Department is now accepting names of needy families residing in Dover for the annual Holiday Food Basket Program.

The Police Department sponsors this program each December to provide holiday dinners to families in Dover. Last year, more than 125 baskets of food were distributed to families throughout the community.

In addition, a large quantity of food was provided to the Dover Children's Home and My Friend's Place homeless shelter.

In order to make this program a success, donations are needed from the community. Non-perishable food items, canned goods, or monetary donations (checks should be made payable to Dover Police Charities) will be accepted at the Dover Police Department, 46 Chestnut St. If you cannot arrange for delivery to the police station, call 603-742-4646 and pick up will be arranged.

Volunteers from the Dover Police Department will prepare and deliver the baskets on Saturday, Dec. 22.

For more information, visit the Holiday Food Basket Program page here:

Storm-based winter parking bans

Earlier this year, the City Council approved a change in the city's winter parking ban procedures. Parking bans are now determined on a storm-by-storm basis.

When required for snow plowing or cleanup, the Community Services Director will declare a parking ban by 3 p.m. The ban will then take effect at 10 p.m. citywide, except downtown, which will begin at 1 a.m. the following morning.

When a declared parking ban is in effect, parking on city streets is prohibited. Any vehicle parked on the street, sidewalk or adjacent public parking area during a declared parking ban may be ticketed and/or towed at the vehicle owner's expense.

For more information about winter parking bans, visit the parking ban page here: go.usa.gov/xPVk5.

There are a number of ways for residents to stay informed about weather-related parking bans:

Tune into **Channel 22**, where winter parking ban notifications will appear when declared.

Sign up for **text alerts**, which will be sent when a parking ban is declared, via the city's emergency notification system, CodeRed. Select "Parking Ban Notifications." You can access the sign-up page here: <https://public.coderedweb.com/CNE/en-US/BF3E3900491E>. Please note that to sign up for text alerts, you must create a managed account. Once created, you'll see the option to select parking ban notifications.

Sign up for **email alerts** at bit.ly/doverdownload. Select Parking Ban Alerts.

Call 603-516-PARK (7275) for the current parking ban status. (Will be activated Nov. 15).

The current parking ban status will be posted **online** at drivingdover.com and the city's winter parking ban page at www.dover.nh.gov/government/city-operations/police/parking-bureau/parking-bans.html.

Follow the city's **social media** accounts on Facebook and

Twitter for parking ban updates and status.

Parking ban declarations will also be sent to **local media**, including newspaper, radio and television outlets.

The new storm-based parking ban ordinance replaces the former winter parking ban, which was in effect from Dec. 1 to April 1.

For more information about winter parking bans, including how to sign up for notifications, visit drivingdover.com or contact the Parking Bureau at 516-6132 or parking@dover.nh.gov.

COAST launches online survey

The Cooperative Alliance for Seacoast Transportation (COAST) is excited to announce that it has launched an online survey to help it collect public input as it takes a comprehensive look at the entire public transit system, changes in development and travel patterns across the region, and assesses how to potentially provide new opportunities to better serve the region as it is today and into the foreseeable future.

To take the survey, visit COAST's webpage dedicated to their ongoing planning efforts to relook their public transit system (www.coastbus.org/OurFuture). A link to the survey can be found on the project landing page.

COAST hopes there will be significant public input to form a better understanding of the region's wants, needs and expectations. COAST will be reporting out on the initial public input gathered through their public forums and surveys in late January or early February.

The Cooperative Alliance for Seacoast Transportation (COAST) has provided public transit service to the Seacoast New Hampshire region since 1982. COAST is a public, non-profit transit system that relies primarily on federal and local government support to operate. COAST is governed by a board of directors representing the communities served, two regional planning commissions, and many local and state agencies.

The Public Library also maintains an online collection of historical information, [located here](#).

Dec. 13, 1790 - A committee was appointed to remonstrate against the division of the County of Strafford, by the setting off of Dover, Durham, Lee, Madbury and Somersworth to the County of Rockingham, a plan which was agitated at this time.

Dec. 8, 1811 - Died, Mr. Samuel Bragg, Jr., editor and printer of the Dover Sun. "In the death of Mr. Bragg the town

of Dover was considered a great loss. He was a very industrious and enterprising man of steady habits and attention to his business. He had by his assiduity and great diligence acquired a very handsome property, when about twelve months since, while absent on a journey he was in a moment stripped of almost every dollar by the all-devouring element of fire. This disaster took such hold of his mind, as, after a while, to produce a dejection of spirits, and invite a complication of disorders which has thus early put a period to his mortal existence."

Dec. 9, 1830 - The Dover Relief Society is organized. The Hon. William Hale is named president, and Asa A. Tufts is named treasurer and secretary. The society was formed "to investigate poverty and public health problems, consists of a statement on the potential dangers of manufacturing to community norms and a report on living and working conditions among local manufacturing employees: young workers leaving schools; overcrowded and unhealthy housing; excessive hours of work.

Dec. 12, 1923 - Mayor Waldron flatly refuses to allow the KKK to use the Opera House for a meeting.

Local author Seth Ulinski to speak at the Dover Public Library

The Dover Public Library is pleased to announce that local author Seth Ulinski will be speaking at the library on Tuesday, Dec. 11 at 6:30 p.m. about his recently published book "Amazing Heights: How Short Men Stand Tall". The library enjoys helping authors promote their works to the wider public. A copy of Seth's book is located in the library's collection.

AMAZING
HEIGHTS
HOW SHORT MEN STAND TALL

SETH ULINSKI

Seth notes that the personal development industry will surpass \$10 billion in 2018 but you would be hard-pressed to find anything that addresses the unique challenges of one particular group: short guys. Per the U.S. Census Bureau, there are approximately 60 million adult males below average height, which is 5'10". Only a select few in the men's clothing industry have

recognized that one size does not fit everyone under 5'10". With this in mind, "Amazing Heights" is the first personal development book dedicated to the short guy fraternity.

Since he was a child, Seth has been fascinated with sports. He played basketball, baseball, and football until a car accident in his sophomore year of high school. Multiple surgeries and a long recovery process gave him a stronger appreciation for seatbelts and good health. As an adult, Seth was diagnosed with rare autoimmune disorders, requiring thyroid and eye surgery. While educating himself on how to manage these life-altering events, Seth realized the value of self-care. Today, he's grateful for these setbacks, drawing strength, courage, and wisdom from them as part of his wider self-improvement work. Read more on Seth's blog at <https://amazingheights.blog/>.

Seth Ulinski is a Dover resident and a graduate of Clemson University in South Carolina. While attending Clemson, Seth was a member of the Pi Kappa Phi fraternity. At 5'7", he is also a member of the short guy fraternity.

The program is free and open to the public.

For more information call the Library at 603-516-6050.

STEM Saturday at the Library: Dover Shockwave Robotics Team and Snap Circuits

Join us on Saturday, Dec. 8 at 2 p.m. in the Dover Public Library Lecture Hall to meet members of Dover High

School's Shockwave Robotics Team. Dover Shockwave is a part of First Robotics, a youth organization that stands "For Inspiration and Recognition of Science and Technology." FIRST sponsors robotics competitions all over the United States, bringing together teams from all around the globe.

The Dover team was established to encourage student growth in science, technology, art, engineering, mathematics, and business. We will meet their robot, as well as learn about their team and the process they used to design and build the robot. They will also demonstrate how the robot works.

After the demonstration, kids in grades K and up are invited to stay and play with Snap Circuits. Snap Circuits expose young children to elementary engineering concepts and offer a range of building challenges using a breadboard with prewired interconnections. Various components can be snapped to the board to easily create a working circuit. This STEM program is free for all; no pre-registration is required.

Portsmouth poet Claire Conroy to speak at the Dover Public Library

Local Portsmouth poet Claire Conroy will be speaking at the Dover Public Library on Monday, Dec. 10 at 6:30 p.m. She has just published her book of poetry, "Listen", and will be reading selections from it. She will sign copies and have copies available for purchase at the event.

Moved by image-provoking writing all her life, Claire Conroy has always felt connected to words and their effects on people. One of many varied interests, writing has been revisited throughout her life. During an especially difficult break-up years ago, poetry became a valued outlet for healing. She decided to start the project she had always longed to achieve: to finally write a volume of poetry. Claire realized that all her experiences up to that point were to get to this precipice and take that final leap into the literary world.

After late nights of dedicated soul diving, anguish and enthusiasm, Claire has completed over 40 poems ranging from musings on heartbreak, love and passion; appreciation and worship of life and nature; praising and damning of historical figures; and funny observations from the emotional emancipation of a 40-something year old woman from Portsmouth.

The program is free and open to the public.

For more information call the Library at 603-516-6050.
