CITY OF DOVER,

Each officer in the department voluntarily participated in the program and was issued 500 trading cards. The officers chose pictures of themselves that best represent their personality or interests. The back of the cards include information about the officer, words of advice, or a personal message.

Chief Breault would like the citizens of Dover to meet each officer in the department. Children are encouraged to ask officers for their trading cards when they see them in public or come to the Dover Police Department.

As an incentive to meet each officer and collect every trading card in the 2019 edition, the Dover Police worked with several local businesses that were happy to partner with the department. The first five children to collect 25 different trading cards will get a tour of the police department with an officer of their choosing and one of the following:

- Four free passes to the Children's Museum of New Hampshire
- \$25 gift card to LaFesta
- \$25 gift card to Tokens Taproom
- \$20 gift card to the Noggin Factory
- \$20 gift card to Dover Bowl

Once the child has collected 25 cards, please contact Officer Alex Mitrushi at [a.mitrushi@dover.nh.gov](mailto:a.mitrushi@dover.nh.gov) or 603-516-1319 to select from the above awards. Once one award has been claimed, the next child to collect 25 cards will choose from the remaining awards.

For more information, contact the Dover Police Department at 603-742-4646.

## Dover 400th Committee unveils logo

Dover's 400th Anniversary Committee recently unveiled the logo to be associated with Dover's 400th birthday celebration, in 2023. The art work was conceived by Deborah Ballok, Dover resident and retired visual arts teacher. The logo will be used on anniversary collateral and merchandise to help raise revenue to offset the costs of the celebration.

Dover was the first permanent settlement in New Hampshire, established in 1623 and the 7th settlement in the United States colonies. The City Council formed the "Ad-Hoc Dover's 400th Anniversary Committee" in 2018 to help plan and oversee the 400th anniversary celebration, which will include historical re-enactments, fireworks and parades, school involvement, and more throughout the year.

"It's important to have residents and businesses work side by side in the planning and the celebration, itself," said Committee Chair Kevin McEneaney. "This is a significant community milestone to be celebrated."

The Committee's first order of business was creating a visual representation to use on collateral and goods. Ballok presented the committee with nine sketches which were narrowed down to three. Through the revision process, they landed on two images which were ultimately accepted and copyrighted.

"When I was accepted onto the 400th Anniversary Committee one of the first items discussed was need for a logo design," said Ballok. "I was excited to use my skills and expertise to recognize such a special date in our City's history."

Ballok graduated from Southern Connecticut State University with a Bachelors of Science in Visual Arts Education. She worked as a visual arts teacher for 35 years, twenty years at Hudson Memorial Middle School, and another fifteen at Alvirne High School before moving to

Dover.

The Dover 400th Anniversary Committee is comprised of seventeen members. In addition to McEneaney and Ballok members include: Kathleen Morrison (vice chair) Sam Allen, Coleen Ayers, Elizabeth Worboys Burr, Angela Carter, Nicole Desjarlais Paulick, Guy Eaton, Morgan Faustino, Jesse Andrew Galt, Zachary Koehler, Tom Massingham, Kathleen Shannon, Douglas Steele, Karen Weston, and Robert Carrier.

The Committee is currently seeking sponsors for the celebration. For more information, please contact Dover 400th Anniversary Committee Chair, Kevin McEneaney at [k.mceneaney@dover.nh.gov](mailto:k.mceneaney@dover.nh.gov).

## Eversource and NH PUC offer ways to avoid recent phone scams

The New Year is in full swing and so are scams targeting utility customers across the country and right here in New Hampshire. Already this year, customers in many towns around the state have been approached by scammers, either on the phone or at their door. To warn customers, Eversource and the New Hampshire Public Utilities Commission (NHPUC) are teaming up to ensure that people know the tell-tale signs of scams, so they can avoid becoming a victim.

"The scammers, often sounding legitimate and quite convincing, threaten to shut off electric service immediately unless instant payment is made," said Eversource Senior Vice President and Chief Customer Officer Penni Conner. "These scammers can be relentless but they're only successful if they catch our customers off-guard and scare them into making a payment. We remind customers, if something doesn't sound right or feel right, trust your gut, and don't pay."

"One similarity in many utility scams is a sense of urgency, with scammers often convincing consumers that payment must be made immediately," says Amanda Noonan, Director of Consumer Services and External Affairs for the NHPUC. "The more we educate consumers on the basic red flags of a scam, the less likely they are to become victims."

Tips to help avoid becoming a victim:

- Eversource representatives never demand instant payment over the phone, require the use of pre-paid debit cards or request customers meet at a payment center to make the payment.
- Never provide personal financial or account

information to any unsolicited person on the phone, at the door or online, even if they seem legitimate.

- Beware, some sophisticated scammers can manipulate their caller ID to say the caller is with Eversource.
- Customers who are scheduled for disconnection due to nonpayment receive a written notice that includes information on how to maintain their service.
- Customers can verify they are speaking with an Eversource representative by asking for some basic information about their account like the name on the account, the account address, and the exact past due balance.

Customers can verify they are speaking with an Eversource representative by asking for some basic information about their account like the name on the account, the account address, and the exact past due balance. Eversource urges anyone who has doubts about the legitimacy of a call, visit or an offer, to contact the company directly at 1-800-662-7764. [Eversource.com](http://Eversource.com) provides more information on how to protect personal information and avoid being a victim of utility scams.
