The property is mostly mixed forest, with about five acres of open fields that provide an excellent habitat for a variety of wildlife. There are three intermittent streams running through the property, five significant wetland areas and at least two potential vernal pools. The property abuts the 17-acre Towle conservation property that has frontage on the Cochecho River and was protected in 2003.

Morin decided to conserve the property to honor the wishes of her late mother Elizabeth Morin.

"My mother loved watching deer, turkey and other wild animals in the fields and woods surrounding her house," Morin said. "She had a pair of blue birds that used the same bird house in front of her house every year to nest and raise a new family. It was important to my mother that the birds and animals have a place where they could thrive and raise young which is why she wanted to conserve her property."

Anna Boudreau, chair of the Open Lands Committee stated, "We are thankful for Jennifer's foresight to conserve this property and for adding to the growing mosaic of conserved property in the neighborhood."

**Anna Boudreau, left, chair of the Open Lands Committee and property owner Jennifer Morin.**

This conservation easement is a legal agreement between the landowner and the Dover Conservation Commission that permanently limits certain types of development and uses on the property by granting the development rights to the city. The City of Dover purchases the easement and the property remains in private ownership. Conservation easements are voluntary and flexible and can be structured to preserve all or just a part of property. Conserved properties retain their landowner rights and can still be gifted or sold, but they cannot be developed or mined.

The Dover Open Lands Committee consists of local volunteers and city staff who work with willing landowners to conserve Dover's important natural and cultural resources. These resources include drinking water supplies, farm and forest lands, critical fish and wildlife habitat, and the preservation of our community's character for current and future generations to enjoy.

## Time to renew dog licenses

Dog licenses for 2020 are now available. All dogs must be licensed by April 30 to avoid a late fee. The cost for a male or female dog is \$10, a neutered male or spayed female dog is \$7.50 and puppies (3-7 months) are \$7.50 for first licensing.

Residents 65 years of age or older may license one dog for \$3. Additional licenses require regular fees.

The City Clerk's office requires proof of rabies information and a certificate of spaying or neutering.

Late fees of \$1 a month begin June 1.

Dog licenses can be renewed at the City Clerk's office at City Hall, by mail or online.

In addition to online licensing, rabies information can also be updated online and the certificate mailed to the City Clerk's office.

A checking account is required for online dog license registration. To ensure privacy, dog owners must provide the dog's tag number.

To renew online, [click here](#).

For more information, contact the City Clerk's office at 516-6018.

News from Dover's public schools

### Schools outline FY2021 budget goals

The Dover School District presented its fiscal year 2021 proposed budget to the School Board in December. According to Superintendent Dr. William Harbron, the proposed budget is intended to bridge the gaps between needed programs and services and available resources while considering the community's varied values and views as well as overall financial sustainability.

The FY2021 school budget presentation focuses on achieving the district's literacy goal and further developing the capacity to achieve selected objectives of a strategic plan.

The proposed budget also places emphasis on the continuous improvement and optimization of student learning and achievement as outlined in the Dover School District's Strategic Plan, according to the SAU.

Specifically, the FY2021 proposed budget addressed the following objectives:

- Enhance student voice by creating a student-driven environment that allows students to have meaningful input and choice into their learning program.
- Augment the support and wellness of all students through purposeful engagement in school and community-based activities.
- Provide opportunities for diverse community stakeholders to engage with the Dover schools in shared problem solving and decision making.
- Promote and support the overall health and well-being of all students and staff.
- Maximize each student's engagement in learning.
- Optimize individual achievement ensuring every student receives academic instruction that is culturally responsive and matched to developmental needs.
- Elevate student learning and achievement by developing and implementing a competency-based education model.

"The fiscal year 2021 budget translates intangible missions, operations, and objectives into reality by outlining and providing specific programs for funding," Harbron said. "And demonstrates the district's commitment to educating all children to the highest level possible."

The administration recently presented seven proposals to the School Board for their consideration in the development of FY2021 budget. The proposals include:

#1: Expand the Fountas and Pinnell curriculum materials to grades three and four accompanied by professional development.

#2: Develop and sustain a culture to promote and supports the social and emotional development of all students, and provide staffing to meet demand for:

- Dover Regional CTC building construction, health science, and sports medicine classes
- Dover High School music, science, and library departments
- Dover Middle School instructional staff to release Guidance Counselors from classroom rotations in order to increase the capacity to address student needs and add library support to allow the library to remain open throughout the day

#3 Add four professionals to the Technology Department to provide direct support to all school and work with assistive technology for special needs.

#4 Expand the capacity of teaching and learning by adding:

- Assistant Director of Teaching and Learning
- Dover Middle School Dean of Instruction

- Elementary Math and Science Coach
- Middle School Instructional Coach

#5 Increase support staff to operate across the district, particularly in Dover Middle School's front office, nurse's office, and dean's office, the three elementary schools, Dover Regional CTC, and Bellamy Academy, and supervisory roles at Dover High School.

#6 Add staff to Dover District athletic programs with new positions for cross country, swimming and diving, alpine ski, volleyball, field hockey and gymnastics.

#7 Recruit and retain substitute teachers by increasing daily rate for certified and non-certified teachers.

"It is essential the District has the financial resources to educate the diversity of students and the whole-learner in order to prepare all students to achieve their post-secondary goals, to pursue purposeful vocations, and to contribute to the welfare of their family and community," added Harbron. "By providing the essential human services, professional development, and instructional resources with the emphasis on continually improving and optimizing student learning and achievement; the Dover School District will be a lighthouse district and excellent learning resource for all students."

During early January, the School Board listened to a series of presentations by school administrators. The School Board continues to hold workshops to deliberate proposals to be included in the FY2021 Dover School District Budget. The next workshop is scheduled for Monday, Jan. 27, at 6 p.m. in School Board Chambers at the McConnell Center.

Following the workshops, the School Board is expected to adopt the final FY2021 budget on Monday, Feb. 3, 2020. The budget will then be submitted to the City Manager and incorporated in the city budget, which will be presented to the City Council on Wednesday, April 1, 2020.

For more information on the school budget, visit <https://www.dover.k12.nh.us/>.

**Jan. 29, 1669** - Peter Coffin, Anthony Nutter, William Follett, Robert Burnum, William Roberts and Richard Otis were appointed to go to the Lamprey River to meet with men from Exeter to perambulate the lines and set bounds between the two towns.

**Jan. 25, 1673** - John Roberts and Jeremie Tebbets had liberty from the selectmen to improve six acres of land in the common lying off the east side of the path that "doeth go unto the watering place on Dover Neck near unto Thomas Perkins' house," which land was to be improved by them seven years for their use, and then to be returned for the town's use, and left plain for feeding grounds.

**Jan. 27, 1704** - Volunteers being called for to "go forth against the Indian enemy," Lt. Samuel Chesley adviseth the Council of 40 or 50 as ready to list under his conduct as captain from Dover and Oyster River, that they have upwards of 30 pair of snow shoes and rackets already made, and that their principal want will be for a further supply of snow shoes and some bread.

**Jan. 28, 1761** - The Quakers of Dover, by Joseph Austin, Thomas Tuttle and Samuel Austin, for and on behalf of themselves and the rest of their brethren and by order of their monthly meeting held at Cochecho the 18th day of the loth mo. 1760, petitioned the Assembly, setting forth that they were burdened with a tax to hire soldiers into the service, and praying, for reasons assigned, to be relieved therefrom. The Assembly assigned a day for a hearing thereon, and ordered them to cause the chief officer of the Regiment, and the selectmen of the town to be served with a copy of the petition and order thereon, at their own cost and charge, that they might appear and show cause, if any they had, why the prayer should not be granted.

**Jan. 26, 1793** - "On Thursday last the gentlemen of this town met at Capt. Shannon's tavern, and celebrated the complete establishment of the Liberty of the French Nation, when after an elegant entertainment patriotic toasts were given."

## Know what's "In the Bin": How to keep your recycling clear of contamination

The City of Dover and Pinard Waste would like to remind residents that only the items listed below should go in your household recycling bin:

- **Metal:** Food and beverage cans.
- **Glass:** Bottles and jars.
- **Plastic:** Bottles, jars, jugs and tubs.
- **Paper and Cardboard:** Mixed paper, newspaper, magazines and boxes.

When we recycle properly, materials can get to their next best use, which helps protect the environment by conserving natural resources, saving energy and reducing greenhouse gas emissions. Placing

items in recycling bins that are not recyclable such as Styrofoam, light bulbs, plastic flower pots and bags, contaminates the entire load and sends it to a landfill. It's important to know when an item is not recyclable and to place it in the trash. Follow these simple recycling guidelines:

1. Recycle all bottles, cans and paper.
2. Keep items clean and dry.
3. No plastic bags of any kind.

Not sure if an item is recyclable? When in doubt, visit

<https://www.recyclesmartma.org/>. Enter the item name and click search.

Knowing what's "In the Bin" can help avoid contaminated loads of recycling, which are being rejected at processing centers and disposed as trash. These contaminated loads of recycling result in additional charges to the city.

For more information, please contact the Recycling Center at 603-516-6450 or refer to the [Talking Trash brochure](#).
